

CLYDE RIVER STEAMER CLUB

COACH 'N' CRUISE

M.V. IONA to Port Askaig
SATURDAY 19th APRIL 1980

ISLE OF MAN SPECIAL

ARDROSSAN to Douglas
Friday/Saturday - 1st/2nd August 1980

Over the years we have become accustomed to witnessing closure of piers, withdrawal of ships or suspension of services. It was pleasing, therefore, that with the introduction of the 1979/80 winter timetable, services to Port Askaig, Islay were reinstated by Caledonian MacBrayne Ltd. Accordingly it seems most fitting that we should take the opportunity of celebrating the return of the CalMac flag to this port of call.

1980 sees the 150th Anniversary of the formation of the Isle of Man Steam Packet Company, and in reviving the practice of having 'a long distance excursion' the Club has this excellent opportunity of acknowledging such an important milestone in that famous Company's history.

Both these outings are being offered to members at exceedingly good rates and EARLY BOOKING IS ESSENTIAL - for the Islay trip because of limited accommodation on the hired coach, and for the Isle of Man trip, because early application must be made to obtain the necessary travel permits.
