23rd September 1991

Dear CRSC Member,

"BALMORAL" to CARRADALE 29th September 1991  
=====

I regret that I have to advise you that our excursion to Carradale on Sunday has had to be cancelled.

The failure of a paddle bearing on the WAVERLEY has forced Waverley Excursions Ltd. to abandon the BALMORAL planned timetable in North Wales and The Clyde in order to fulfil a heavily pre-booked programme on The Thames, running on into October.

I share your disappointment and hope that some equally attractive cruise can be arranged next season.

This letter is being distributed on an urgent basis. Your money will be returned to you very soon.

Yours sincerely,

  
Robin Urie.
